

## Love is a Circle Lyrics

### A Little Bit of Love

A little bit of bad and a little bit of good makes the world go round  
A little bit of sun and a little bit of rain falling on the ground  
A little bit of happy, a little bit of sad and blue  
And a little bit of love with it all makes the world go round

A little bit of rain makes the flowers grow and the world seem bright  
A little bit of pain helps us all to grow as we reach for the light  
A little bit of laughter, a little bit of crying, too  
And a little bit of love turns the blackest sky to a starry night

How could we learn to be brave without fear?  
Or try, try again, without failing?  
Summer needs winter to balance the year  
And we need both laughter and tears  
If we want to grow, we need high and low

A little bit of black and a little bit of white makes a piano play  
A little bit of dark and a little bit of light makes a perfect day  
A little bit of joy, a little bit of sorrow, too  
And a little bit of love with it all helps us on our way

How could we learn to be brave without fear?  
Or try, try again, without failing?  
Summer needs winter to balance the year  
And we need both laughter and tears  
If we want to grow, we need high and low

A little bit of black and a little bit of white makes a piano play  
A little bit of dark and a little bit of light makes a wonderful day  
A little bit of joy, a little bit of sorrow, too  
And a little bit of love with it all helps us on our way

A little bit of bad and a little bit of good makes the world go round  
A little bit of sun and a little bit of rain falling on the ground  
A little bit of happy, a little bit of sad and blue  
And a little bit of love with it all makes the world go round  
Round, round and round, round, round and round  
A little bit of love with it all makes the world go round
