Refrain:

I've got a great imagination
And that's important, you'll agree

'Cause whatever I can see myself doing really well
Becomes as easy as can be, for me
Becomes as easy as can be

'Cause when I see myself riding a bike really well
Riding a bike is easy as can be, for me

'Cause when I see myself running a race really well
Running a race is easy as can be, for me

'Cause when I see myself reading a book really well,
Reading a book is easy as can be, for me

'Cause when I see myself doing my homework really well
Doing my homework's easy as can be, for me

'Cause when I see myself passing exams really well
Passing exams is easy as can be, for me

'Cause when I see myself playing sport really well
Playing sport is easy as can be, for me

'Cause when I see myself remembering things really well
Remembering things is easy as can be, for me

'Cause when I see myself riding a skateboard really well
Riding a skateboard's easy as can be, for me

'Cause when I see myself swimming really well
Swimming's easy as can be, for me

'Cause when I see myself doing my chores really well
Doing my chores is easy as can be, for me

I've got a great imagination
And that's important, you'll agree
'Cause whatever I can see myself doing really well
Becomes as easy as can be, for me
Becomes as easy as can be
