

Little Love Light

There's a little light shining inside me
 Shining strong and bright
 There's a little light shining inside me
 That's my little love light

And when I'm happy it shines so bright
Everyone can see
 When I'm happy it shines so bright
Little love light in me
 But when I'm sad, it grows so small
Nobody can see
 When I'm sad it grows so small
Little love light in me

When I love myself it shines so bright
Everyone can see
 When I love myself it shines so bright
Little love light in me
 When I hate myself it grows so small
Nobody can see
 When I hate myself it grows so small
Little love light in me

And when I'm brave it shines so bright
Everyone can see
 When I'm brave it shines so bright
Little love light in me
 But when I'm scared it grows so small
Nobody can see
 When I'm scared it grows so small
Little love light in me

And when I'm kind it shines so bright
Everyone can see
 When I'm kind it shines so bright
Little love light in me
 But when I'm mean it grows so small
Nobody can see
 When I'm mean it grows so small
Little love light in me

So I'm going to be kind as I can be
So everyone can see
 I'm going to be kind as I can be
For the little love light in me

And I'm going to be brave and stand up tall
So everyone can see
 I'm going to be brave and stand up tall
For the little love light in me

And I'm going to love just who I am
So everyone can see

And I'm going to be happy as I can be

For the little love light in me
