I am receiving, I am receiving now  
I am receiving all the good the Universe has for me now  
(Repeat)

I am receiving, I am receiving now  
I am receiving all the peace the Universe has for me now  
(Repeat)

I am receiving all the love the Universe has for me now

I am receiving all the wealth the Universe has for me now

I am receiving all the joy the Universe has for me now

I am receiving all the health the Universe has for me now

I am receiving all the strength the Universe has for me now

I am receiving all the gifts the Universe has for me now

I am receiving all the good the Universe
