

I Can, I Will, I Am

There is nothing I can't do, there is nothing I can't be
All I have to do is have some faith in me
To help me on my way I have special words to say
'I can', 'I will', 'I am', will help me through the day

I can work well today, I will work well today
I am working well today; I can, I will, I am

I can succeed today, I will succeed today
I am succeeding today; I can, I will, I am

I can be happy today, I will be happy today
I am happy today; I can, I will, I am

I can be kind today, I will be kind today
I am being kind today; I can, I will, I am

I can learn new things today, I will learn new things today
I am learning new things today; I can, I will, I am

I can be loving today, I will be loving today
I am loving today; I can, I will, I am

I can be positive today, I will be positive today
I am positive today; I can, I will, I am

I can spread joy today, I will spread joy today
I am spreading joy today; I can, I will, I am

I can help out today, I will help out today
I am helping out today; I can, I will, I am

I can do my best today, I will do my best today
I am doing my best today; I can, I will, I am
