Chorus:

I walk forward, I walk forward confidently  
I walk forward confidently, I walk forward confidently  
I walk forward, I walk forward confidently  
I walk forward confidently, I walk forward confidently

I walk forward to abundance and success  
To abundance and success, to abundance and success  
I walk forward to abundance and success  
To abundance and success, to abundance and success – because ...

I walk forward to wealth and prosperity

I walk forward to love and harmony

I walk forward to strength and serenity

I walk forward to health and happiness

I walk forward to positivity
